

FirePro® Pipe Collar CE

ROCKWOOL FirePro® CE Pipe Collars are tested in accordance with the latest harmonised European Standard EN 1366-3:2009 to provide up to EI120 in walls and EI240 in rigid floors.

They are designed to seal service penetrations in apertures in walls & floors containing plastic pipes.

Benefits:

- Easy fixing method using common fixings
- Tested in rigid/flexible walls and rigid floors
- Up to 4 hours fire resistance

Product Code	Fire Rating (Hours)	Nominal O/D (mm)	MOQ (Box)	List Price/ Each
