

Fire Barrier System

Fire Barrier Systems offer labour-saving solutions to prevent the spread of fire and smoke within roof and ceiling voids.

The Fire Barrier System comprises the following products:

- Fire Barrier
- Fire Barrier Slab
- Easy Fit Fire Barrier System.

Options are available to provide up to 4 hours fire protection and fixings to a variety of substrates.

Benefits:

- Patented 'Quick Fit' support system allows cost effective installation of Fire Barriers with a fire rating of up to 60 minutes
- Ease of construction and installation reduces the risk of installation errors
- Extended drops easily catered for with system capable of maintaining its performance in void heights up to 10.5 metres
