

NyRock® Frame Slab 032

NyRock® Frame Slab 032 is a semi-rigid stone wool insulation slab designed specifically for use between the studwork of external timber or light gauge steel frame walls.

Manufacturing using NyRock® technology, the slabs deliver insulation with optimised density and performance; offering a low thermal conductivity designed to meet and exceed thermal building regulations.

Lambda 0.032 W/mK

Pallet Size 1200 x 1200mm
